

[Avatar Friday Patcher V1.1](#)

A screenshot of the Avatar Friday Patcher V1.1 application interface. It features a light gray background with various input fields and buttons. At the top, there is a "Mode:" dropdown menu set to "Folder". Below it is a "New Title ID:" text box containing "4CCCCCCC". A checked checkbox labeled "New XUID" is followed by a text box containing "0009000000000000". The "Input directory:" section includes a text box with "C:/Users/Anthony/fileZillaServer/items12611" and a browse button "...". Below this are two buttons: "Scan for files" and "Save list to text file ...". To the right of the "Scan for files" button is a "Found:" label and a text box containing "644". The "Output directory:" section has a text box with "C:/Users/Anthony/Desktop/avat" and a browse button "...". At the bottom left is a "Proceed" button. At the bottom right is the "LOGIC-SUNRISE" logo with the URL "http://www.logic-sunrise.com" below it.
